## About Us

To our valued customers,  
 "Thank You!" For the trust you have put in us for your plant needs in the past, present, and even in the future. We continue to strive to produce a quality liner at affordable prices and varieties and sizes that meet and exceed our customers expectations day in and day out. While the labor shortage issue, along with unpredictable weather plays a major role in the nursery industry, we continue to stay focused on how we can plant a tree today for a brighter and greener tomorrow. We are excited about our crop this season, and as with most years, we have added new varieties to our list. Interested in a plant we don't currently have listed? Please feel free to contact us as we add new inventory year by year and may already have it in production. And as always we look forward to serving you soon.

Thanks,  
 Rusty & Janice Mangrum, Owner
